RE: ICE FOIA Request 2026-ICFO-31191

Dear Requester:

This letter concerns your ICE FOIA request dated 6/22/2026, in which you seek records pertaining to records pertaining to National Environmental Policy Act review records prepared, received. As currently framed, the request does not reasonably describe the records sought in a way that allows ICE to conduct a focused and reasonable search. FOIA requires that a request reasonably describe the records sought. Please also identify the ICE directorate and program office you intend ICE to search. Records of this type are not maintained in a single agency-wide repository, and ICE cannot reasonably search for records of this type. In addition, the request seeks correspondence between ICE and third-party environmental, engineering, or consulting firms, but it does not provide sufficient information for ICE to conduct a search. ICE can process only records within ICE's custody and control. To the extent the request seeks records maintained solely by third-party environmental, engineering, or consulting firms, ICE cannot process those records. Until this additional information is provided, ICE is unable to proceed with an adequately focused search for records responsive to your request as currently framed.

If we do not receive your response within **30 working days** of the date of this letter, your request will be **administratively closed**.

Your request has been assigned reference number 2026-ICFO-31191. Please include this number in any future correspondence regarding your request.

Sincerely,

Freedom of Information Act (FOIA) Office
