

West: From the point of beginning at the intersection of Highway 237 and Highway 85, south on Highway 85 to Almaden Expressway, south on Almaden Expressway to McKean Road, south on McKean Road to County Road G8, south on County Road G8 to Watsonville Road, south on Watsonville Road to Highway 152, east on Highway 152 to Santa Teresa Boulevard, south on Santa Teresa Boulevard to Castro Valley Road, east on Castro Valley Road to Highway 101, south on Highway 101 to Highway 156.

South: East on Highway 156 to Union Road, east on Union Road to Highway 25, south on Highway 25 to Fairview Road.

East: North on Fairview Road to Highway 156, north on Highway 156 to Highway 152, west on Highway 152 to Ferguson Road, north on Ferguson Road to Leavesley Road, west on Leavesley Road to New Avenue, north on New Ave to San Martin Ave, west on San Martin Avenue to Foothill Avenue, north on Foothill Avenue to Tennant Avenue, west on Tennant Avenue to Hill Road, north on Hill Road to Main Avenue, west on Main Avenue to Highway 101, north on Highway 101 to Yerba Buena Road, east and north on Yerba Buena Road to Alita Ave, north on Alita Avenue to Mosher Drive, north on Mosher Drive to Aborn Road, east on Aborn Road to Gurdwara Avenue, north on Gurdwara Avenue to Quimby Road, east on Quimby Road to Highway 130, north and west on Highway 130 to I-680, north on I-680 to Calaveras Boulevard.

North: West on Calaveras Boulevard to Highway 237, west on Highway 237 to point of beginning at the intersection of Highway 237 and Highway 85.

Executive Order (E.O.) 11988, as amended by E.O. 13690, requires GSA to evaluate the potential effects of any actions GSA may take in a floodplain and ensure that the Government's plans consider flood hazards and floodplain management needs. Unless there is 'no practicable alternative', GSA must only seek space outside the 1 percent-annual-chance floodplain, or outside the 0.2 percent-annual-chance floodplain for 'critical actions' (i.e., those for which even a slight change of flooding would be too great).

The delineated area for this procurement includes areas affected by the 1 or 0.2 percent-annual-chance floodplain. In compliance with Executive order 12072 and (b) (7)(F) mission goals of giving first consideration to geographically centralized community business areas, (b) (7)(F) has a mission critical need to be in the delineated area specified. (b) (7)(F)

(b) (7)(F) In order to satisfy their mission, (b) (7)(F) must be located in the central California area of San Jose. Given the delineated area already includes San Jose and all nearby submarkets south of it, expanding the delineated area further would not produce additional alternatives to the proposed site at (b) (7)(F) that could meet (b) (7)(F) requirements.
